EDUCATION

The University of Hong Kong, LKS Faculty of Medicine, School of Public Health	Hong Kong SAR, China
➤ Master of Public Health (Epidemiology and Biostatistics). GPA: 3.01/4.3	Sep. 2025-Aug. 2026
Macau University of Science and Technology, Faculty of Medicine	Macau SAR, China
➤ Bachelor of Food and Nutritional Sciences. GPA: 3.64/4.0	Sep. 2021-Jul. 2025
Rank: 1/114 (2024-2025), 11/114 (2023-2024), 2/114 (2022-2023)	

WORK EXPERIENCE

The University of Hong Kong, LKS Faculty of Medicine, School of Public Health	Hong Kong SAR, China
Voluntary Research Assistant (Student Helper)	Feb. 2026-Jul. 2026
➤ Managed and validated multi-source datasets across 17 research projects, including questionnaire and fitness-assessment data; performed data cleaning, scoring, and quality checks using Excel and SPSS to support downstream statistical analysis.;	
➤ Assisted with 18 on-site kindergarten assessments across Hong Kong by preparing materials, recording test results, and transferring data to the central database. Tests included anthropometric and physical fitness measurements, and questionnaires.	
Peking University People's Hospital, Clinical Nutrition Department (Xizhimen and Tongzhou)	Beijing, China
Nutritionist Intern (PI: 95105)	Jan. 2025-Apr. 2025
➤ Assisted in clinical nutrition consultations for patients and maintained smooth operation of clinical service.	
➤ Retrieved and reviewed medical records, data entry, measured patients' BMI, and updated diet information for patients.	
➤ Questionnaire survey (food frequency) and test data collection for 618 cardiovascular inpatients, such as biochemical and blood indicators, and calculation of total food energy and protein intake, performed data analysis using R and SPSS.	
Animal Center of Macau University of Science and Technology, Medical Sciences Division	Macau SAR, China
Research Assistant	May 2024-Sep. 2024
➤ Compared the therapeutic effects of single-strain probiotics, mixed-strain probiotics, and inactivated probiotics in gavage treatment on obese mice, followed by anatomical observation of visceral organs;	
➤ Utilized 16S rRNA sequencing technology to analyze the microbial composition of mice fecal samples, conducted serum ELISA, and measured the fat content in epididymal and liver tissues;	
➤ Glucose was injected intraperitoneally and the changes of blood glucose were observed, q-PCR was used to evaluate liver gene expression (ssDNA), assessed the physiological effects of probiotics in improving obesity-related symptoms;	
➤ Monitored animal health, changed cage and maintained cage sanitation.	
Macau University of Science and Technology, Faculty of Medicine	Macau SAR, China
Research Assistant	Mar. 2023-Dec. 2023
➤ Evaluated the effects of k-carrageenan oligosaccharides on extending the shelf life of mackerel (<i>Scomber scombrus</i>), inhibiting histamine production and reducing microbial growth, and used nitrogen blowing instrument to dry samples;	
➤ Compared the quality and preservation effects of fish treated with varying oligosaccharide concentrations and without;	
➤ Utilized a microplate reader to measure the oxidation levels of proteins in the fish samples;	
➤ Applied HPLC to determine the histamine content in fish samples and determined the total bacterial count in fish samples.	
Guangzhou Restaurant Group Likoufu Food Co., Ltd.	Guangzhou, China
Quality Control Assistant (PI: X00781)	Jul. 2023-Aug. 2023
➤ Conducted physical and chemical testing on various types of food produced and imported by the company according to national standards (GB), maintained the ISO 22000, HACCP system and assisted in maintaining GMP requirements;	
➤ Implemented detection tests of fat, sugar, protein, pesticide residues, swine fever, etc., and used Kjeldahl nitrogen analyzer to determine protein content;	
➤ Learned to make baked foods and participated in maintaining the smooth operation of the assembly line in the food factory.	
Macau University of Science and Technology, Faculty of Medicine	Macau SAR, China
Teaching Assistant	Sep. 2023-Dec. 2024
➤ Conducted pre-lab experiments, prepared necessary reagents and equipment, assisted teachers in guiding students through experimental operations, answered questions, and supervised the progress of the experiments;	
➤ Assisted and guided students in applying various analytical methods, such as spectroscopic analysis (FT-IR and UV-Vis), chromatographic analysis (HPLC), and identification of proteins by SDS-PAGE and Western Blot;	
➤ Managed and maintained laboratory instruments; assisted in procurement and stock management of laboratory consumables.

LEADERSHIP & INVOLVEMENT

Macau University of Science and Technology, Student Union Nutrition Society **Sep. 2023-Sep. 2024**
Vice President

- Organized promotional activities on WeChat public account “NSMUST”, including poster production and online promotion;
- Carried out relevant promotional content on CODEX and WHO official websites, including World Food Safety Day;
- Organized, administered, and cooperated in activities, including social gathering, academic/internship sharing and volunteering.

Social Practice:

- 2023 New Year Volunteer Activities-Guangdong Province Blind Employment Incubation Base-Condolences to the blind;
- 2023 and 2024 The 40th and 41th Walk for a Million (Macau);
- 2023 Macau Kiang Wu Nursing College Medical Care Experience Fun Day (Second prize: 1000MOP);
- 2022 Macau Victory Bowling Club Tournament

PROFESSIONAL SUMMARY

MPH candidate at The University of Hong Kong with academic training in epidemiology, biostatistics, food and nutritional sciences. Experienced in clinical nutrition research, public health data management, questionnaire-based studies, laboratory testing, and statistical analysis using R, SPSS, and Excel. First-author publication in *Nutrients*, with hands-on experience across hospital, university, and food quality-control settings.

HONORS & AWARDS

➤ Dean’s Honor List (Faculty Scholarship 2 nd and 1 st).	2023 and 2025
➤ The Excellence Prize , National Standardization Olympiad for College Students.	2023
➤ Award of Excellence , Macau University of Science and Technology Campus Entrepreneurship Plan Competition.	2024
➤ Project Innovation Award , “Winning in Guangzhou” and Greater Bay Area Entrepreneurship Competition.	2024
➤ The Second Prize , Xi’an Jiaotong University “World Obesity Day” Excellent Popular Science Essay Competition.	2025
➤ Scholarship MUST Wanglaoji Future Elite Education Fund.	2025

ADDITIONAL INFORMATION

Language: Cantonese (Native and Fluent), Mandarin (Native and Fluent), English (Proficiency), Russian (Beginner)
Toolkits: EndNote, GraphPad Prism, SPSS, WPS Office, Microsoft Office, VOS viewer, EyeJack Creator, R, Zotero, ChatGPT, Gemini, Claude, Google AI, Canva, Outlook, etc.
Hobbies: Chinese Painting, Bowling, Billiards, Swimming, Running
Certificates: WSET Level 1, National Computer Rank Examination Level 1, Driver’s License (1A), Good Clinical Practice (GCP) NIDA
Visa: currently student visa with No Objection Letter (NOL) for employment and expect to transition to IANG status in October 2026
